PORT ISABEL ACCESS ROAD PROJECT ENGINEERING SERVICES

QUESTION: The RFQ shows that the HUB/DBE commitment will be part of the evaluation criteria. Is there an established goal for this project?

ANSWER: The CCRMA has adopted a Disadvantaged Business Enterprise Policy Statement to ensure that DBE's have an equal opportunity to receive and participate on procurements in accordance with federal rules and regulations. No specific goal has been established for this project. Prospective bidders will be required to make a good faith effort to obtain DBE participation in accordance with 49 C.F.R. Part 26.
